

For the first time this year the SMF features a second stage situated in the garden of the Crooked Billet where all the acts are students of Clive's Easylearn Pop Music Schools.

Easylearn provide Rock and Pop tuition for all ages, starting a course which last 18 months, is easy and inexpensive with no large up-front fees to pay.

No previous experience is necessary, and the school is equipped with a range of instruments, so you don't have to buy one before you start.

For more information and to find your nearest school visit Clive's Easylearn website
